

Curriculum Vitae

Name : Gatot Soegiarto MD, Internist
Place/date of birth : Surabaya, February 21, 1960
Sex : Male
Marital status : Married
E-mail : gatotsby@yahoo.com
Office address : Department of Internal Medicine,
Faculty of Medicine, Airlangga University
Jl. Mayjen Prof. Dr. Moestopo 6-8
Surabaya 60286 - Indonesia
Tel. +62-31-5501617, 5501759
Fax. +62-31-5018434, 5023865
Home address : Jl. Ketintang Wiyata II / 25,
Surabaya 60231
Tel. +62-31-8284328
Mobile: +62-812-3547784

EDUCATION

Internal Medicine Specialist (1992-1998)

At Internal Medicine Dept, Faculty of Medicine, Airlangga University, Surabaya - Indonesia

Medical Doctor (1980-1987)

At Faculty of Medicine, Airlangga University Surabaya - Indonesia,
Date: 1980-1987

SPECIAL TRAINING

- **Course on Immunology of Leukemia and Immune deficiency**
Gadjah Mada University (Yogyakarta) – Vrije University (The Netherlands), Yogyakarta
Date: April 5-7, 2006
- **Course on Immunodiagnostic technique for autoimmune diseases**
Vrije University, Amsterdam, The Netherlands
Date: July 19 – October 20, 2005
- **Course on Basic and Clinical Aspect of Autoimmune Disease**
PERALMUNI (Indonesian Society of Allergy and Immunology), Yogyakarta
Date: March 26, 2005
- **Pre-congress Course : Immunotherapy in infectious and non-infectious diseases**
PERALMUNI (Indonesian Society of Allergy and Immunology) – Gadjah Mada University
(Yogyakarta) – Vrije University (The Netherlands), Yogyakarta
Date: March 21-23, 2005

- **International Course on Metabolism & Clinical Nutrition**
Indonesia University (Jakarta) – Universite Joseph Fourier (France), Jakarta
Date: February 13-16, 2005
- **Three Musketeer Course on Basic Immunology**
Gadjah Mada University (Yogyakarta) – Vrije University (The Netherlands), Yogyakarta
Date: September 13-25, 2004; February 17-25, 2005
- **Immunology Course on Viral Infection and Malignancy**
Gadjah Mada University, Yogyakarta
Date: June 21-24, 2004
- **Postgraduate Course on Molecular Biology and Immunology**
Gadjah Mada University, Tropical Medicine Center, Yogyakarta
Date: January 27-31 2003
- **Medical Science Postgraduate Courses on Immunology**
Airlangga University, Faculty of Medicine, Surabaya
Date: August 10-24, August 31- September 7, 2002
- **Basic Course on Immunology of Infectious Disease**
Internal Medicine Department Dr. Syaiful Anwar Hospital, Malang & Perhimpunan Peneliti Penyakit Tropik & Infeksi Indonesia (PETRI), Malang
Date: July 18, 2002
- **Malang Course in Basic Immuno-Rheumatology**
Internal Medicine Department Dr. Syaiful Anwar Hospital, Malang & Indonesian Rheumatism Association (IRA), Malang
Date: November 3-5, 2001

WORKING EXPERIENCE

- 2007- present: Supervisor of Male Internal Ward II in Dr. Soetomo Teaching Hospital, Surabaya – Indonesia.
- 2002- 2007: Supervisor of Female Internal Ward in Dr. Soetomo Teaching Hospital, Surabaya – Indonesia

- 1991-1992: Junior staff at Internal Medicine Outpatient Clinic of Dr. Soetomo Teaching Hospital – Faculty of Medicine Airlangga University Surabaya, East Java
- 1987-1990: General physician at Ratu Zalekha General Hospital Martapura, South Borneo

PROFESIONAL MEMBERSHIP

- 1997-present: Indonesian Society of Allergy and Immunology (PERALMUNI)
1993-present: Indonesian Association of Internal Medicine Specialists (PAPDI)
1987-present: Indonesian Association of Physicians (IDI)
-

SELECTED RESEARCH PROJECT

- Correlation between serum leptin levels and abnormality in parameters of lung function in Indonesian adult obese persons, 2007, position: Principal Investigator.
- Allergy status among students of Elementary School, Junior High School, Senior High School, and University in Surabaya, 2006-2007, position: Principal Investigator
- Correlation between interleukin-5 and peripheral blood eosinophil count with the degree of pulmonary function test abnormality and asthma symptom score in patient with mild to moderate persistent asthma, 2003, position: Principal Investigator
- Association of skin prick test result with ISAAC questionnaire in Schoolchildren, 2002, position: Consultant
- Prognostic factors in diabetic patients with foot ulcer and gangrene, 1998, position: Principal Investigator
- Coronary artery disease risk factors in type-2 diabetic patients with overt diabetic nephropathy, 1997, position: Principal Investigator
- Bacterial isolates and antibiotic susceptibility from diabetic patients with foot ulcer and gangrene, 1988, position: Principal Investigator

SELECTED PAPER PRESENTED

- *Allergic sensitization among Surabaya suburb school children and undergraduate students.* In: World Allergy Congress, Bangkok, Thailand, 4 December 2007.
- *Familial allergy in Surabaya's suburb schoolchildren.* In: World Allergy Congress, Bangkok, Thailand, 4 December 2007.
- *Rational use of glucocorticoids: an immunologist perspective.* In: 22nd Continuing Medical Education in Internal Medicine. Surabaya, 12 August 2007.
- *Lung function abnormality, bronchial hyperreactivity, and serum leptin levels in Indonesian adult obese persons.* In: World Asthma Meeting, Istanbul, Turkey, 24 June 2007.
- *Drugs and immunotherapy for allergic diseases,* in: 8th Course on Immunology: Basic & Advanced Course on Allergic Diseases, Yogyakarta, March 2007.
- *Immunologic aspects of asthma,* in: 8th Course on Immunology: Basic & Advanced Course on Allergic Diseases, Yogyakarta, March 2007.

- *Pathophysiology of immunodeficiency*, in : National Congress of PERALMUNI (Indonesian Society of Allergy and Immunology), Malang, September 2006
- *Immune response to viral infection and HIV-1 escape mechanisms*, in: 7th Course on Immunology: Basic immunology & Immunology of leukemia and immune deficiency, Yogyakarta, April 2006
- *Secondary immunodeficiency*, in: 7th Course on Immunology, Basic immunology & Immunology of leukemia and immune deficiency, Yogyakarta, April 2006
- *Pathophysiology of immunodeficiency in adults*, in : Scientific Meeting Safari of PERALMUNI (Indonesian Society of Allergy and Immunology), Surabaya, April 2006
- *Anti-inflammatory effects of antihistamines*, in: Symposium on New therapeutic roles of antihistamine, Surabaya, 9 April 2005
- *Complement and immune complex diseases*, in: Course on Laboratory and clinical aspects of autoimmune disease, National Congress of Indonesian Society of Allergy and Immunology, Yogyakarta, March 2005
- *Inflammation and remodeling in asthma*, in: National Congress of Indonesian Society of Allergy and Immunology, Yogyakarta, March 2005
- *Inhaled corticosteroids for asthma, how early we should start ?*, in: National Scientific Meeting on Allergy and Immunology, Surabaya, 10 October 2004
- *Cellular and mediator mechanism of allergic inflammation*, in: Continuing Medical Education on Internal Medicine, Airlangga University, Surabaya, 18 July 2004
- *Asthma symptom score correlated with the degree of lung function, serum interleukin-5 level, and blood eosinophil count in patients with mild to moderate persistent asthma*, in: World Asthma Meeting, Bangkok, 18 February 2004
- *Antihistamine for asthma, a window of opportunity*, Surabaya, September 2003
- *Specific immunotherapy for asthma: present and future*, in: National Congress of Indonesian Association of Internal Medicine Specialists, Manado, 8 August 2003
- *Immunopathogenesis of allergic diseases*, in: Annual Scientific Meeting of Indonesian Society of Allergy and Immunology, Jakarta, 22 June 2003

Surabaya, 4 January, 2008

Gatot Soegiarto, MD, Internist
